A COLLECTION OF CONNECTED IDEAS

The art of remembering

Small ideas, lasting connections

A field guide to building understanding, one connected idea at a time.

Curated by Memoria

02 chapters

YOUR READING JOURNEY

Contents

The art of remembering

01 SOURCE NOTE 3

A place for your ideas

02 STUDY GUIDE 5

Build a learning rhythm

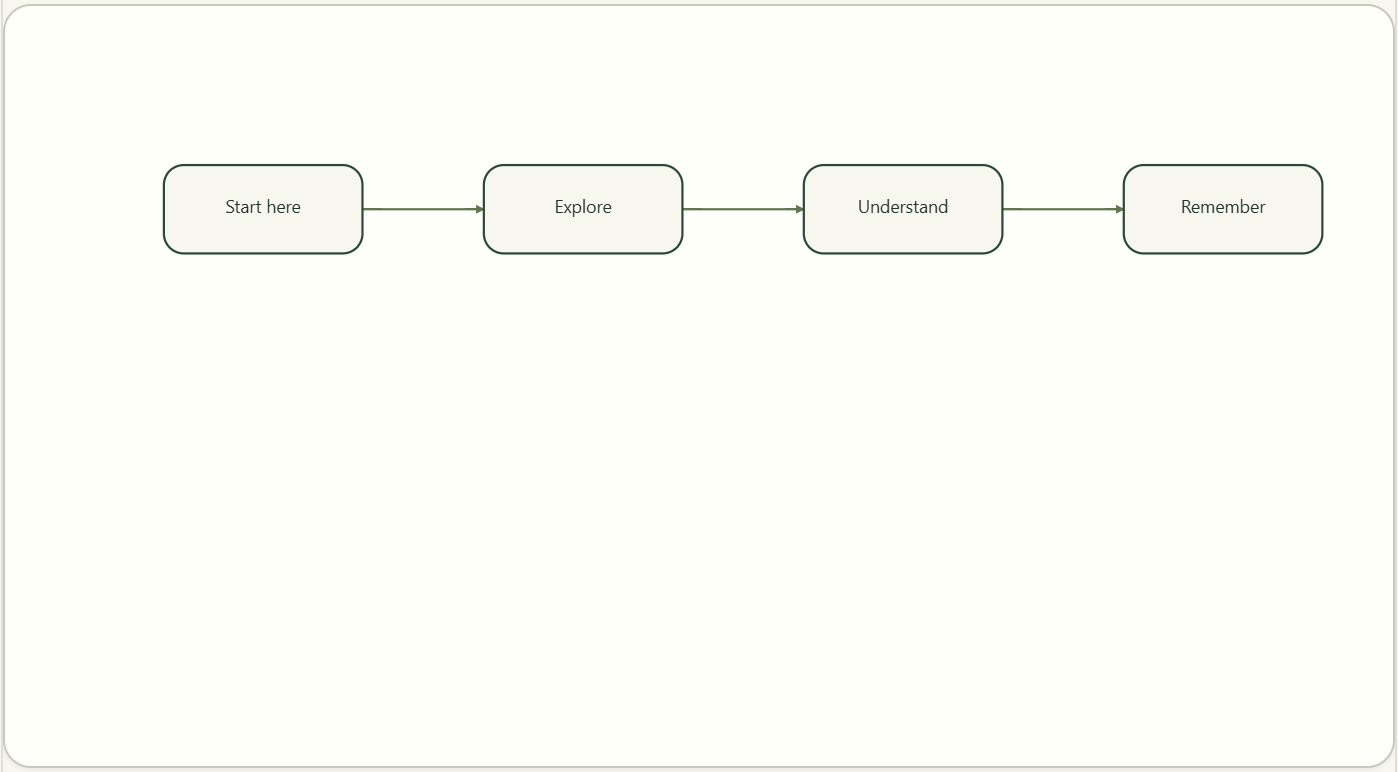
A place for your ideas

Begin with a question

Good notes connect what you already know with what you are discovering. **Make space for curiosity.**

> A SMALL HABIT
>
> Write one clear question before your next study session.

Practice	Purpose
Capture	Keep an idea
Connect	Build understanding



A learning journey

Build a learning rhythm

Reflection 1

Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example.

Reflection 2

Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example.

Reflection 3

Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example.

Reflection 4

Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example.

Reflection 5

Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example.

Reflection 6

Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example.

Reflection 7

Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example.

Reflection 8

Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example.

Reflection 9

Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example.

Reflection 10

Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example.

Reflection 11

Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example.

Reflection 12

Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example.

Reflection 13

Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example.

Reflection 14

Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example.

Reflection 15

Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example. Take a moment to recall an idea and connect it with a concrete example.
